SUPERHEAT™
SMARTLINK

Linking The Power of Blue

Introducing the Superheat SmartLink™ in Conjunction with Miller ProHeat™ 35:

Your gateway to knowledge and comprehensive digital management, providing solutions to address your induction heating challenges.

Key SmartLink™ Solutions:

Effortlessly program your Miller ProHeat™ 35 unit using the Superheat SmartLink™ interface while it digitally archives data for easy integration into your Quality Management System.

Access a library of eng. drawings to efficiently execute your procedural requirements, optimizing set-up configurations from the start.

Technical video mentoring and direct online communication for rapid support & assistance.

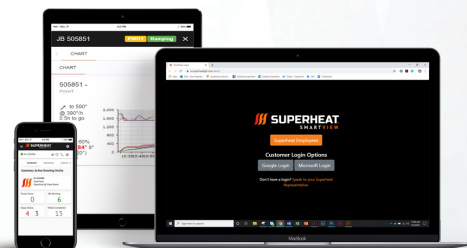

Why Induction Equipment?

Maintain control over schedule and cost without reliance on third-party heat treatment contractors. Empower your existing skilled trades.

Accelerated time-to-temperature through efficient heat application, reducing overall schedule attributed to heat treatment.

Superheat SmartView™ User Interface

Transform data into actionable insights, empowering informed decision-making. **Superheat SmartView™** offers real-time status notifications, live heat cycle chart monitoring, and more, from the palm of your hand.

Enhance working conditions for welders by eliminating exposure to open flame, explosive gases, and hot elements.

Transfer more direct power draw to the component, creating an efficient system that decreases overall energy usage with less than a 60-amp current draw per unit.

Miller ProHeat™ 35 Specs:

Input Power		Rated Output	Input Amperes at Rated Output	Dimensions	Weight
460-575 V, 3-Phase, 60 Hz	☑	35 kW at 100% Duty Cycle	50 A, 460 V 40 A, 575 V	H: 27.5" (699 mm) W: 21.75" (552 mm) D: 36.75" (933 mm)	Net: 227 lb (103 kg) Ship: 265 lb (120kg)
400-460 V, 3-Phase, 50/60 Hz	☑		60 A, 400 V 50 A, 460 V

Rental Packages & Subscription Features:

Customize the package & subscription bundle that fits your scope and provides the tools to get the job done
Better. Safer. Faster™:

STANDARD

The standard rental package includes everything you need to begin your induction heat treatment project.

Miller ProHeat™ 35 single output induction heating console with cooler

Accessories:

- Liquid Cooled Induction Heating Cable: 30', 50', 80'
- Output Extension Cable: 25'
- Thermocouple Extension Cable: 50'
- Heat Treatment Coil Blanket

Consumables:

- Fiber Tape
- Thermocouple Type K Wire
- Insulation Blanket
- Thermocouple Plug
- Coolant Low Conductivity

Logistic management

LINKED

The linked rental package includes everything from the standard package and the below additions.

Superheat SmartLink™ IH

Features Include:

- Local programmer of Miller ProHeat™ 35
- Local digital recorder
- Digital QA document management and export system
- Set-up configuration drawings
- Embedded induction technical training
- On-demand field level support services

SUBSCRIPTION

ADVANTAGE FEATURES:

The add-on features are only available with the rental of the linked package.

- Superheat SmartView™ wrapping specification sheet library access
- Superheat SmartView™ educational training video access
- Superheat SmartView™ live charts
- Superheat SmartView™ chart package management
- Superheat SmartCenter™ custom engineering support
- Superheat SmartCenter™ quality management support

**Final pricing, subscription features, and asset quantities will be established upon receipt of a formal quote and rental contract.*
