

SUPERHEAT™

SMARTPOINT

Superheat SmartPoint™ offers high zone control capacity for more demanding on-site heat treatment services.

- Enhances performance for heat treatment services by communicating with the **Superheat SmartCenter™** and **Superheat SmartPak™**, relaying real-time controlled temperature data
- The only **approved** heat treatment system engineered safe for all environments (Certified to UL # 508A/CSA # C22 No.14-10 Standards)
- Higher capacity Zone Control means less equipment to do more work
- Quiet operation and remote startup/shutdown as engineered safety features to provide the lowest risk heat treatment services available
- Every control zone has two controlling thermocouples

Superheat SmartPoint™ has a wide range of models to handle various capacity needs:

Model	Capacity	
CN6	6 Control Zones	12 Thermocouple Inputs
CN12	12 Control Zones	24 Thermocouple Inputs
CN18	18 Control Zones	36 Thermocouple Inputs
CN24	24 Control Zones	48 Thermocouple Inputs

BETTER SAFER FASTER™

ADVANCING HEAT TREATMENT™
